Implementation of an exceptional procedure for deliveries with signature (Colissimo Expert). As regards the delivery of parcels requiring a signature (Colissimo Expert), special provisions have been put in place to avoid any contact. The postman sends an SMS text message to the recipient customer asking for his agreement to deposit the parcel in his letterbox or in front of his door. Without the customer's agreement, the item will be put on hold and a delivery notice will be left in his letterbox. Consequently, if you were using a Colissimo solution with Signature (Colissimo Expert), we recommend that you change this transport solution to Colissimo without Signature (Colissimo Access). This will save you from paying for an Expert service while obtaining an Access service. We can help you to set up automatic rules in this respect.
